Past performance data shown represents past performance and is no guarantee of future results. Investment return and principal value will fluctuate so that an investor's shares, when redeemed, may be worth more or less than their original cost. Current performance may be lower or higher than that quoted. To view current to the most recent month-end performance, visit www.hedgefundgps.com. No assurance can be given that any investment will achieve its objectives or avoid losses.

Utilizing these strategies involves investment risks, including the possible loss of principal. Returns are net of management fees and expenses, and also reflect the expenses borne by the "Fund" as an investor in underlying investment funds. The ordinary operating expenses of the Fund (not including the advisory fee, investment-related costs and expenses (which includes investment fund fees and expenses), taxes, interest and related costs of borrowing, brokerage commissions, payments to certain financial intermediaries for providing servicing, sub-accounting, recordkeeping and/or other administrative services to the Fund and any extraordinary expenses of the Fund) are subject to an expense limitation and reimbursement agreement between GCMLP and the Fund, capping the ordinary operating expenses of each share class of the fund at 0.80% per annum of the Fund's average monthly net assets attributable to such class. The agreement will remain in effect until July 31, 2021, and will terminate unless renewed by GCMLP. Returns for periods less than one year are not annualized. Returns have been prepared using both unaudited and audited financial data, if available at the time, and valuations provided by the underlying Investment Funds. Valuations based upon unaudited or estimated reports from the underlying investment funds may be subject to later adjustments that may be both material and adverse.

- The performance figure for the most current month reflects a preliminary estimate based on the early performance estimates received from a portion of the underlying Portfolio Funds. This figure is subject to change (perhaps materially).**
- "Accredited Investors" is defined in Regulation D under the Securities Act of 1933.
- The Fund will from time to time offer to repurchase Shares pursuant to written tenders by Shareholders at such times, typically quarterly, and on such terms as may be determined by the Board of Trustees in its sole discretion. There is no guarantee that the fund will offer to repurchase shares quarterly. If an offer to repurchase is oversubscribed, the Fund will repurchase only a pro rata portion of the Shares tendered, unless the offer is increased and extended. A Shareholder who tenders for repurchase only a portion of such Shareholder's Shares will generally be required to continue to own Shares having a net asset value not less than \$10,000. **Repurchases of Shares are subject to restrictions, conditions, and limitations, as more fully described in the Fund's prospectus.**
- Represents 55 bps investment advisory fee paid to GCMLP and 10 bps administrative services and sub-accounting fee paid to Merrill, subject to some exclusions. A full discussion of fees is included in the Fund's prospectus.

The Fund bears reasonable expenses incurred in connection with the Fund's organization. The Fund also bears its operational costs, including GCM Grosvenor's out-of-pocket expenses associated with identifying, making and monitoring investments, as well as costs associated with insurance, reporting, taxes (if any), legal and accounting costs, and the costs of any audits.

Hedge Fund Guided Portfolio Solution (1 of 2)

Grosvenor Capital Management, L.P. (“**GCMLP**”) serves as investment adviser of the Fund. The Fund invests substantially all of its assets in investment funds (“**Investment Fund**”) managed by third-party investment management firms (“**Investment Managers**”).

This report is general in nature and does not take into account any investor’s particular circumstances. Receipt of this report should not be considered a recommendation with respect to the purchase, sale, holding or management of securities or other assets. This report is neither an offer to sell, nor a solicitation of an offer to buy shares of the Fund (“**Shares**”) or interests in any Investment Fund in which the Fund invests. An offer to sell, or a solicitation of an offer to buy, Shares of the Fund, if made, must be preceded or accompanied by the Fund’s current Prospectus (which, among other things, discusses certain risks and other special considerations associated with an investment in the Fund). Before investing in the Fund, you should carefully review the Fund’s current Prospectus.

PAST PERFORMANCE IS NOT NECESSARILY INDICATIVE OF FUTURE RESULTS, AND THE PERFORMANCE OF THE FUND COULD BE VOLATILE. AN INVESTMENT IN THE FUND IS SPECULATIVE AND INVOLVES SUBSTANTIAL RISK (INCLUDING THE POSSIBLE LOSS OF THE ENTIRE AMOUNT INVESTED). NO ASSURANCE CAN BE GIVEN THAT THE FUND WILL ACHIEVE ITS OBJECTIVES OR AVOID SIGNIFICANT LOSSES.

YOU SHOULD NOT INVEST IN THE FUND UNLESS YOU HAVE NO NEED FOR LIQUIDITY WITH RESPECT TO SUCH INVESTMENT, YOU ARE FULLY ABLE TO BEAR THE FINANCIAL RISKS OF SUCH INVESTMENT FOR AN INDEFINITE PERIOD OF TIME AND YOU ARE FULLY ABLE TO SUSTAIN THE POSSIBLE LOSS OF THE ENTIRE INVESTMENT. YOU SHOULD CONSIDER AN INVESTMENT IN THE FUND AS A LONG-TERM INVESTMENT THAT IS APPROPRIATE ONLY FOR A LIMITED PORTION OF YOUR OVERALL PORTFOLIO.

In reviewing the performance of the Fund or any Investment Fund, you should not consider any index shown to be a performance benchmark. Such indices are provided solely as an indication of the performance of various capital markets in general. Except as expressly otherwise provided, the figures for each index are presented in U.S. dollars. Index figures may include “estimated” figures in circumstances where “final” figures are not yet available.

Set forth below are general categories of risks that apply to investing in the Fund. The risks that apply to investing in the Fund are described in greater detail in the Fund’s current Prospectus.

Market Risks – the risks that economic and market conditions and factors may materially adversely affect the value of the Fund’s investments.

Illiquidity Risks – the risks arising from the fact that Shares are not traded on any securities exchange or other market and are subject to substantial restrictions on transfer; although the Fund may offer to repurchase Shares from time to time, a shareholder may not be able to liquidate its Shares of the Fund for an extended period of time.

Strategy Risks – the risks associated with the possible failure of GCMLP’s asset allocation methodology, investment strategies, or techniques used by GCMLP or an Investment Manager.

Manager Risks – the risks associated with the Fund’s investments with Investment Managers.

Structural and Operational Risks – the risks arising from the organizational structure and operative terms of the Fund and the Investment Funds.

Cybersecurity Risks – technology used by the Fund and by its service providers could be compromised by unauthorized third parties.

Foreign Investment Risks – the risks of investing in non-U.S. investment products and non-U.S. Dollar currencies.

Hedge Fund Guided Portfolio Solution (2 of 2)

Leverage Risks – the risks of using leverage, which magnifies the volatility of changes in the value of an investment, including losses.

Valuation Risks – the risks relating to GCMLP’s reliance on Investment Managers to accurately value the financial instruments in the Investment Funds they manage.

Institutional Risks – the risks that the Fund could incur losses due to failures of counterparties and other financial institutions.

Regulatory Risks – the risks associated with investing both in unregulated entities and in unregistered offerings of securities. Investment Funds generally will not be registered as investment companies under the Investment Company Act of 1940 (“**1940 Act**”). Therefore, the Fund, as a direct or indirect investor in Investment Funds, will not have the benefit of the protections afforded by the 1940 Act to investors in registered investment companies.

Tax Risks – the tax risks and special tax considerations arising from the operation of and investment in pooled investment vehicles such as the Fund and the Investment Funds.

GCMLP and its affiliates have not independently verified third-party information included in this report and make no representation or warranty as to its accuracy or completeness. The information and opinions expressed are as of the date set forth therein and may not be updated to reflect new information.

Assets under management include all subscriptions to, and are reduced by all redemptions from, the Fund in conjunction with the close of business as of the date indicated. GCMLP classifies Investment Funds as pursuing particular “strategies” or “sub-strategies” (collectively, “**strategies**”) using its reasonable discretion; GCMLP may classify an Investment Fund in a certain strategy even though it may not invest all of its assets in such strategy. If returns of a particular strategy or Investment Fund are presented, such returns are presented net of any fees and expenses charged by the relevant Investment Fund(s), but do not reflect the fees and expenses charged by the Fund to its investors/participants.

This report may contain exposure information that GCMLP has estimated on a “look through” basis based upon: (i) the most recent, but not necessarily current, exposure information provided by Investment Managers, or (ii) a GCMLP estimate, which is inherently imprecise. GCMLP employs certain conventions and methodologies in providing this report that may differ from those used by other investment managers. This report does not make any recommendations regarding specific securities, investment strategies, industries or sectors. Risk management, diversification and due diligence processes seek to mitigate, but cannot eliminate risk, nor do they imply low risk.
